DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 11-13 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claim 11, the exact structure of the circuit device is not clearly defined. For example, what is the overall structure of the clock buffer, and how are the two transistors integrated into the clock buffer? The overall configuration and circuit relationship between the first and second transistors is not clear. Are these transistors configured into an inverter circuit as shown in FIG. 1? As written, the circuit relationship between these transistors is not defined.

Allowable Subject Matter

Claims 1-10 are allowed.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to E Wojciechowicz whose telephone number is 571-272-1739. The examiner can normally be reached on Monday through Thursday.

In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
